New 3D Laser
Scanning
team now
based out of
Singapore.

Argo Navis Engineers has teamed up with scanning specialist **Real to Desk** to establish a dedicated 3DLS team that's based out of Singapore.

Real to Desk offers 3D laser scanning, dimensional control surveys, technical drawing support for clash detection projects as well as generation of scan-based 2D drawings.

This is only the first in a series of alliances aimed at giving owners worldwide coverage for a variety of services. Stay tuned!
